CHOOSE A THEME

Exhibitions are inspired by many things. A theme is the idea that connects your artwork. It can be anything you like. Some ideas for a theme may include:

- Color
- Material
- Artist
- Nature
- People
- Places
- A common idea
- A common story
- A common goal

CHOOSE 3-5 ARTWORKS

Select the best artworks for your theme. Think about how they fit together as a group. How will you arrange your works? Which piece will visitors see first? Next? Last?

EXHIBITION TIME!

Sketch your artworks in the spaces provided. Think of a title for your exhibition and include it in one of the spaces. On the back, write your curatorial statement, or a few sentences about why you chose the pieces and how they fit into your theme. Share your exhibition with others.
