Thank You Art Advocates!

Masterpiece Moments

A Grand Tour Of Europe

The OSU Museum of Art is still basking in the success of our spring fundraiser. We would like to thank everyone who came to and supported the event in any way! At the end of the night over $120,000 was raised in support of our art education programs that reach public school students, university and community members. Art Advocates have partnered with the Stillwater Public Education Foundation to provide grants for art education in Stillwater. The Art Advocate funds are matched with other donations and state funding to support art education outreach throughout the state of Oklahoma.
"In education, Art has the role of helping children become less like others and MORE like THEMSELVES -Sydney Clemens
NEW FACES AT THE MUSEUM
Cat de Araújo
Associate Curator of Education K-12

Originally from Recife, located in the Northeast of Brazil, Catarina de Araújo holds a B.A. in Journalism (2006) and an M.Ed from DePaul University in Chicago (2011). After spending nearly ten years working as a visual arts teacher and museum educator, she is now pursuing a Masters in Art History and working as the Associate Curator of Education (K-12 programs) for the OSU Museum of Art.

Katie Winnicki
Marketing and Communications Coordinator

Katie grew up in Kingfisher, Oklahoma and attended Oklahoma City University on a competitive cheer scholarship from 2014-2016. She received a B.A. in Journalism from the University of Central Oklahoma in 2018 and went on to work at KWTV - News 9 for a year and a half. Look for this monthly newsletter and more as Katie settles in at the museum.

Southwest in Motion:
Navajo, Pueblo, and Hopi paintings from the Charles Little Collection.

From the settlement of Pueblo cities a thousand years ago to the Long Walk of the Diné (Navajo) one hundred and fifty years ago, movement has shaped the Southwest and the people who call it home. Over time their seasonal agricultural work and historic urban architecture joined with the play of wind and rain to shape the canyons, buttes, and mesas of the region — and like the landscape itself, the people and their work continue to evolve. This exhibition includes works by Diné, Hopi, and various Pueblo artists that explore the theme of motion: the dramatic silhouette of a horse-rider’s hair blowing in the breeze, the energy of shepherds chasing after their flock, the calm deliberation of a young woman gathering corn-pollen, and more. Together, they invite visitors to discover the complex relationship between culture, place, resistance, and survival in the Southwest.

Fort Worth Museum Trip
Some of our Art Advocates had fun on a trip to Fort Worth. While there, the group visited the Modern Art Museum of Fort Worth, the Amon Carter Museum of American Art and the Kimball Art Museum, where they got a tour from the museum director!

BACKPACK BUDDIES

Altrusa International of Stillwater, in partnership with Our Daily Bread, implemented Backpack Buddies in 2018 as a project to fulfill its mission to enhance the quality of life in the community, create opportunities for local youth, and offer a way for community members to assist. The event supplies children in Payne County with a backpack containing items such as pencils, pens, notebooks, colored pencils, rulers and crayons. This is our second year for our Art Advocates to participate in this inspirational project.
A group of our Art Advocates and friends came to the museum to unpack and label the crayons for Backpack Buddies. This group of women set a museum record for unpacking, unwrapping, labeling, repacking and cleaning up! It only took them 29 MINUTES!
