Artist Presentation

with Marguerite Perret, Robin Lasser & Bruce Scherting

THE STATE WE’RE IN
WATER:
constructing a sense of place in the hydrosphere

Interdisciplinary arts-based research project on water

Visiting artists Perret, Lasser and Scherting will discuss their arts-based research and artistic process to depict various issues relevant to water and water research in Oklahoma and beyond.

The State We’re In: Water (exhibition coming Aug. 2020) will explore wastewater recycling, watershed habitats, the imprint of water movement on land, and cyanobacteria (Spirulina). Exhibition-related events will span over OSU’s Research Week 2019 and 2020.

Discover the power of art as a learning platform for science! The artists will review the development of their unique vision and introduce collaboration opportunities.
